SALT LAKE CITY (AP) —

The Richman family has enjoyed two great years of bliss. (Yes, it's been two years since we sent a Christmas letter.)

## House Remodel

In July 2006, we embarked on a six-month "adventure" to remodel nearly every room in our house and add 800 sq. ft. We now have a

New Great Room

nice great room adjacent to the dining room and new kitchen, a new master bedroom, new den, a full kitchen downstairs, and a

large game room downstairs. We invite you to come see it any time.

## Family Trip

In July, our family took a 2-week trip to eastern Canada to tour Jason's mission. We flew to Maine, then drove 2,300 miles up the eastern seaboard, through New Brunswick, Nova Scotia, Prince Edward Island, and Newfoundland.

## Hailee

Hailee is a senior at Hunter High and is in the Dance Company. She

keeps busy with snowboarding, longboarding, piano, guitar,

friends, and working at Vans in the mall.

She is doing an internship with an architectural firm in Salt Lake and somehow finds time to write to several missionaries.

## Jason

In October 2006, Jason returned from the Canada Halifax Mission. He tried to trick his parents into thinking he had an extension and wasn't coming home until November. It was a master scheme he had been planning for nearly two years, to walk in the door and announce, "Mom, Dad, I'm home." But, alas, his parents uncovered his cunning plan and instead met *him* at the airport.

He started a business in the summer of 2007, Mission Prep Lawn Care, which helps future missionaries earn money for their missions.

In August, Jason married Abbie Nickel. They both grew up in our ward, but hardly ever talked until after Jason's mission, when they

fell in love and got married. Abbie is a para-professional at Westlake Jr. High and also teaches the after-school dance program. They are also both college students.

*Jamie & Robert*

Jamie works in the emergency room at Primary Children's Hospital. Robert is an apprentice electrician with Cache Valley Electric. They are currently living with us to save money to buy a

Jamie & Robert Christmas 2006

house. They've now been married two years and they are expecting a baby girl in May!

*Lanae & Jay*

Over the summer of 2007, Lanae worked at Home Depot and fell in love with the mill works guy! She and Jay Christiansen were married in the Salt Lake Temple on June 21<sup>st</sup>.

Jay is a stock broker for E\*Trade. Lanae completed her degree in Interior Design and Fine Arts at Utah State University. She is working at Denton House

Interiors. After she did an internship with them, they didn't want to let her go.

*Teri*

Teri still works at Hunter High School (Hailee's school) as the attendance secretary. In June 2006, Teri went to Alaska with her parents and niece.

Teri and Larry serve as the ward young adult advisors.

*Larry*

Larry continues to manage Church Web sites. After three years work, in January 2007, he completed phase 1 of a project to rebuild and redesign LDS.org. Phase 2 will continue through 2008-9. Read more at his blog ldsWebguy.com. Larry also directs the Publications and Media Project Office for the Church.

In October, he was asked to give a devotional address at BYU-Idaho. His talk is online at

byui.edu and a longer version was published as a booklet *Learning Through Life's Trials*.

We hope you have a very Merry Christmas and a Happy New Year! The Richmans, 3937 South 6070 West, Salt Lake City UT 84128
